

# Biodiesel Chemicals

## Chemical Product List

### Liquid and Production Chemicals

Acetone

Caustic Potash 90% Minimum (KOH Flake)

Caustic Soda (NaOH Bead or Flake)

Methanol 99.85% Minimum

Potassium Methylate 32%

Sodium Methylate 25%

Sulfuric Acid 93%

Sulfuric Acid 98%

### Dry-wash Chemicals

Eco2Pure Purification Media

Magnesol D-SOL

Purolite PD-206 Ion Exchange Resin

Thermax T-45 MP BD Resin

X – Tend Frying Oil Purification

### Laboratory Chemicals

Acetone Solution

Bromophenol 0.4% Aqueous Solution

Hydrochloric Acid 0.1N Solution

Phenolphthalein 1% Indicator Solution

Potassium Hydroxide Solution, 0.1N

Sulfuric Acid Reagent ACS Grade

Toluene Solution

### Specialty Chemicals and Equipment

Algae in Suspended Water Feedstock

Algae Mass Cake (Centrifuged Algae)

Cold Clear System for ASTM Cold Soak Test

Demulsifying Chemicals

Flocculants

Laboratory Equipment – Hot Water Baths,  
Hot Plate Stirrers, Separatory Funnels,  
Beakers, Scales, etc.

Separation Enhancing Chemicals
